

I am writing to request that the proposed expansion of the LPFM translator service in my area (San Diego, CA) be reconsidered. I am a avid listener KLOVE, FM 100.1 and my family also enjoys the music and news broadcasted. If the expansion were to go through my family and I would no longer have the benefits KLOVE brings to us. Please consider the affects the expansion will have on those of us who currently enjoy the services offered by KLOVE and do not allow the expansion to adversely affect those of us in the San Diego area. Thank you for your attention to this matter.
